# ABOUT THE CONFERENCE

## AN ENVIRONMENTAL CONFERENCE PROGRAMMED FOR ONTARIO

Last year's success inspired us to put together a more exciting agenda for this year's conference. The conference will be addressed by international and Ontario regulators and industry leaders shaping Air & Waste Management policies on environmental issues and programs in Ontario. Presentations will address:

- Sustainable Development and Green House Gas Control
- Recent Updates to the Section 9 Air and Noise Certificate of Approval Process
- VOC Emission and Control

Conference will provide you with an opportunity to:

- Tie your corporate image with one of Ontario's premier environmental organizations, showcase your business and network with key environmental organizations.
- Learn about MOE Action Plan on Clean Air and Climate Change.
- Take an in-depth look at "Turning the Corner" - the Federal Government action plan unveiled in April 2007 to reduce GHG and Air Pollution.

- Find out the latest information about the Section 9 Certificate of Approval (Air and Noise) requirements.
- Learn about Ozone and Fine Particles (PM2.5) both precursors of smog and continue to increase MOE Air Quality Criteria
